THE MISSION

WE EXIST TO...

PLANT SEEDS

Every song, every conversation, every performance plants truth in the hearts of people.

GROW TREES

Those seeds grow into character, conviction, and confidence.

CHANGE LIVES

Stronger individuals.
Stronger families.
Stronger communities.
Stronger future.

"As long as I can get you as the listener to think about God/Jesus, I've planted the seed and I pray eventually over time it'll grow inside you enough to one day change your life enough so that you can change others lives for Christ. Once again, thank you for taking the time out to listen. God bless. IOU"

“

Anytime anybody talks about a dotted line, Bro, your song is the first thing that comes to mind.

“

Dip has a very sure sense of who he is and what he is looking for – not only in life, but in his sound and on his records. He is unconventional in his approach and intentional about his message for the people; The Grove speaks for itself.

“

From his own point of view. You know how to get through. How to overcome. And how to come out the other side shining out with material, but shot it from the soul, you know. Dipshine from the soul and his music, and it's a reflection of who he is as a human.

"You can be from somewhere but you don't have to be of somewhere.

Your life is not what you came from.

Adversity is preparation for greatness.
